

COVID 19 Update for Members and Associate Members

Notice #1 –24th June2021

We are about to commence the busiest ski season the club has ever experienced, from a bookings perspective. The lodge is ready and prepared for this. We have a Covid 19 Safety Plan in place. As a result, we are as prepared as we can be, and firmly believe that with your support in ensuring we all abide by the Covid Safety Plan while staying at the lodge, we will have a successful and enjoyable ski season.

Of course, the one variable, over which we have very little control, will be what occurs in the broader community in relation to Covid.

As you are no doubt acutely aware, most of Sydney is on tenterhooks at the moment, waiting to see if the Bondi outbreak continues to grow and what further restrictions this may lead to.

The Board will continue to monitor this and any future Covid situations very closely and is ready to make any decisions that may be required as a result. We will always attempt to communicate any updates we have as quickly as we are able.

From a bookings perspective, I want to be very clear about the club's policies in relation to Covid. In fact, we adapted our Rules at this year's AGM to cover this.

1. If you are unable to attend the lodge due to NSW Health Orders restricting your movement – you and only anyone else in your booking affected by the Order will receive a full refund
2. If you are unable to attend the lodge due to being required to undertake a Covid test and self isolate as a result of a potential exposure to Covid 19 – you and anyone else in your booking who would also be required to self isolate will receive a full refund
3. If you have tested positive to Covid 19 and are in isolation during the time of your booking - you will receive a full refund.

In adopting these rules, your club is attempting to be as fair as possible to everyone impacted by the Pandemic – however, as I am sure you would understand, we are unable to extend the offer of a refund should you merely change your mind about a booking.

Mal Higgs - Chairman
