

Important Information for Members and Associate Members – COVID-19 Virus

Notice #2 - 26th March 2020

The last week has seen further developments on the Covid19 Virus front. As we face recent further Government restrictions – and as the number of positive cases is increasing exponentially – there can be no doubt that we will see more restrictions in place sooner rather than later. As a result, the Board advises that we are taking the following steps in the interest of the safety of members and associates.

1. Temporary Lodge Closure

As you are aware, there is already a 'non essential travel' advisory in place, a 'no groups larger than 10 in homes' and a general 'don't leave home unless you really need to' advice as well. Under these circumstances and with so many unknowns, the Board has taken the decision to close the lodge to accommodation until further notice.

We apologise for any inconvenience this may cause, however feel sure you will understand and agree this is the most prudent course of action under the circumstances.

This decision is under continual review.

2. Ski Season Bookings

All bookings made for this ski season are in the system awaiting invoicing. You can still make further bookings should you wish

3. Invoicing

We have decided that invoices will not be sent out for now, pending further developments

4. Cancellations

At this time, if for whatever reason, you choose to cancel your existing booking, there will be no penalty for doing so. We will be reviewing the clubs refund and cancellation policy once we get through this immediate period. Rest assured, a pragmatic and practical approach will be taken given the extraordinary circumstances we all face. If you have a Summer booking and have paid, please contact Paula Gidley with your bank details and you will receive a full refund

Thank you once again for your support and understanding during this challenging time

Mal Higgs - Chairman
